STUDENT PARTICIPATION AND FEEDBACK SHEET

STUDENT NAME _____ ID # N_____

INSTRUCTOR_____ COURSE TITLE _____ SEMESTER _____

Use this form to keep track of your lab study participation, and give the department feedback on the studies. It's important to have a back-up record of studies you participated in, and when. If you forget to take this form to a study, ask the researcher to write you a receipt on another sheet of paper, and keep it with this form. Additional forms may be downloaded from http://www.psych.nyu.edu/research/guides/StudentPartic.pdf. Please complete the evaluation part for every experiment you participate in, whether or not you get the researcher's signature on this form. **You must turn in this completed form when you finish the lab requirement.** Put in the box "For Student Participation and Feedback Sheets Only" on the table outside of Room 158, Meyer Bldg. Thanks.
