NEW YORK UNIVERSITY
DEPARTMENT OF PSYCHOLOGY

PAID STUDY -- Must be 18 years or older.

Name of study: Affective Search Task: Two Sessions

Purpose of study: To investigate physiological markers of visual search strategies.

Name of experimenter: Elizabeth Goldfarb

Name of faculty supervisor: Elizabeth Phelps, PhD

Location of study: Meyer Building, 6 Washington Place, Room 890

Specific requirements, e.g.,

Must be fluent in English (spoken for at least 10 years)
Must not be taking any of the following medications: antidepressants, anti-anxiety medications, beta blockers, corticosteroids
Must not be pregnant
Must have normal or corrected to normal vision
Must have normal color vision

Type of activity:

You will be asked to view images on a computer screen and press a button in response to a target. You may also undergo an additional (mild to moderate) stressor and provide us with salivary samples at different points throughout the experiment for assessment of stress hormones.

Approximate length of time: This study will occur over two sessions, the first taking approximately 2 hours and the second taking approximately 0.5 hours.

Remuneration: You will be paid at a rate of $15/hour for your time.
