New York University Department of Psychology

Adult participants needed!

PAID STUDY – must be 18 years or older.

Name of Study: Geometric Intuitions

Purpose of study: This study is designed to learn more about how the physical world in which we live shapes the abstract world in which we think. It aims to investigate this inherent dissonance in our geometric reasoning by asking questions about the general properties of various geometric objects.

Name of Experimenters: Holly Huey & Nicole Loncar

Name of Faculty Supervisor: Dr. Moira Dillon

Location of study: Suite 275 Meyer Building

Specific Requirements: Must be 18+ years of age.

Type of activity: Computer task that involves viewing a series of images and answering questions about them.

Approximate Time Commitment: Participation in this study may take as few as 30 minutes or as many as 90 minutes.

Payment: You will receive $8 for a 30-minute study, $16 for a 60-minute study, and $24 for a 90-minute study.
